

To Change Your Password....

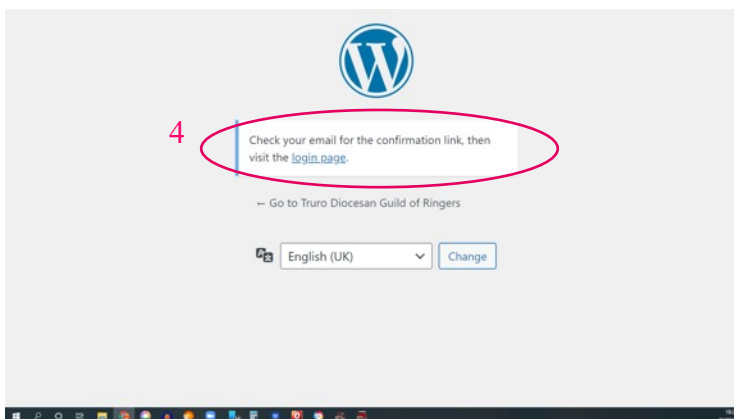

Click on Forgot Your Password

2 Put in your username

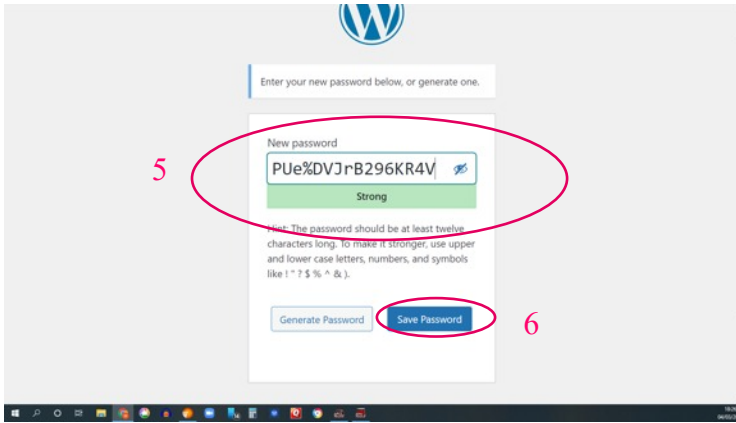

3 Click get your Password

4 Look in your emails (the one you asked to be used for your login)

Click on the link.

Wait a few seconds and you will be taken back to a log in screen.

5 A strong password will be suggested

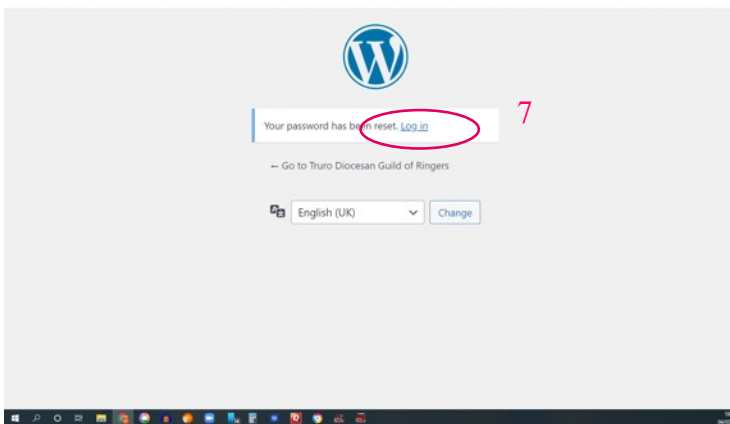

You can delete this and add your own

6 Then click on Save Password

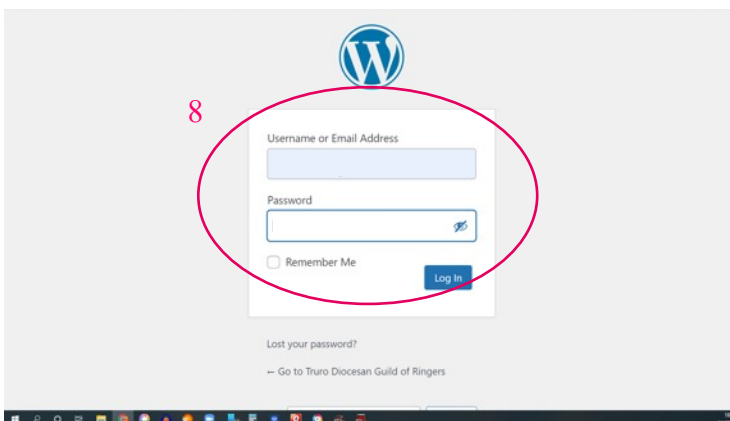

Your Browser may offer to remember this password for you -

It is very safe to do accept this.

If you do then in the next but one box the details should be added for you.

7 Click on Log in

8 Put in your username & your Password if your browser has not already populated the boxes.

Any problems please contact me on Admin@tdgr.org.uk
