

Peal Report 2022

Following the limited opportunities for peals for the last couple of years 2022 saw a return to business. 16 peals were rung and can be summarised as a project, a peal week and George Stevens.

The West Cornwall minor band have been pushing the boundaries of the Spliced Surprise Minor. Peals of 11, 16, 19 and 25 methods have been rung. The last of these becomes the most Spliced Surprise Minor for the Guild, surpassing the 21 methods rung in 1985 at Lanteglos-by-Camelford by Fergus Stracey and John Body's band. It was also most Minor methods for the Guild by a resident band. For the record the most Minor methods rung was in 55 methods (Treble Bob, Delight, Surprise and Plain) in 1967 by a holiday band.

John Pladdys' summer Peal week took place in a more recognisable format including three Peals of Stedman Caters, including two that were not at Carbis Bay.

Finally congratulations to George Stevens who rang his first peal at Perranarworthal in 5 methods. George then rang his first in hand to Kent Treble Bob Major four months later. Well done George.

Ringling For the Death of HM Queen Elizabeth II 8th September 2022

Below are a list of call changes and tolling rung in Cornwall for the death of the Queen. Operation London Bridge called for tolling, muffled or half muffled ringing at noon on the day after the announcement was made (9th September). Bells where then to remain half muffled until the proclamation of the new King which occurred, in London, on the morning of 10th September where they were to be rung open in celebration. As local proclamations occurred at different times around the country this open ringing could be heard between 10th and 11th of September. Bells where then to be returned to their (half) muffled state for the following days until the state funeral on 19th September. On this day tolling for up to 1 hour or half muffled ringing occurred immediately prior to the funeral. Ringing was of course carried out throughout this time as appropriate to how local church and bands saw fit

These records are compiled from entries on Bellboard (The Ringing World), Bellringing for Cornwall (Facebook) and those sent direct to the Guild Performance Secretary. This list is almost certainly not complete but is a record of as many Guild Towers that have publicised there ringing
